

OPEN YOUR COMMUNITIES DOORS: DOORS OPEN NEWFOUNDLAND AND LABRADOR

(June 26, 2009) - Does your community have buildings that your proud of and would like to show off to rest of the province? If so, contact ***Doors Open Newfoundland and Labrador*** about holding a Doors Open event! ***Doors Open Newfoundland and Labrador*** is accepting applications from communities across the province to participate in this years program.

Doors Open Newfoundland and Labrador is about reflecting on the past and present, and making that vital link between people, buildings, stories and natural landscapes. Heritage buildings, whether modern or old, reinforce community identity and pride. They turn "space" into "place."

We look for sites and buildings that celebrate our provinces rich architectural and cultural history. Buildings that have seen a re-birth – adaptive reuse of an existing structure and innovative new designs are favored. These may include commercial and industrial buildings, museums, cemeteries, schools, factories, private homes, hotels, government buildings, historical sites and/or private galleries. Gardens and natural heritage sites are also eligible. Newfoundland and Labrador has a wealth of possibilities!

If you know of a community, building or a site that would be a great addition to include in the **Doors Open Newfoundland and Labrador 2009** program let us know.

For more information visit or website at www.doorsopendays.com and download a *Building/ Site Application Form*, or call Andrew at 739-1892, ext. 28. The Deadline for applications is July 20, 2009.

Doors Open Newfoundland events are occurring throughout the summer and September. Don't miss out, plan a Doors Open event for your town. Over 23,000 people participated in **Doors Open St. John's** last year.
